

# PYTHON **NEW!**

**AVAILABLE 5/15**

A high performance super sensitive slipper ideal for bouldering and steep sport routes

Elastic hook and loop closure adapts to various foot types and increases edging performance by providing increased rand tension

Sticky rubber toe patch for toe scums and hooking

Assymetrical heel construction keeps rubber on the heel on the lateral side without a fit compromise

Figure 8 slingshot rand delivers excellent edging performance

## FEATURES

- ➔ Asymmetrical heel design for a performance fit with maximum rubber coverage
- ➔ Elastic hook and loop closure strap for a high tension fit in a slipper
- ➔ Ample toe rand coverage for scums and hooks
- ➔ Leather upper for moisture management and excellent comfort and sensitivity
