

255 TESTAROSSA

Versatility and fit make this backpacking and hiking boot a perfect choice for anyone wanting more support for longer or more rugged adventures

Double pull tabs for ease of entry

Innovative bilateral variable stretch system: zero-memory synthetic Lorica will stretch then snap back to original shape every time, combined with natural leather for comfort and breathability

Dri-Lex padded and lined tongue for comfort and moisture management

Asymmetrical lacing transfers maximum power to the toes

Thin, perforated heel rubber for heel hooking sensitivity

Patent Pending Figure 8 slingshot rand to support and power foot

4mm Vibram® formula XSV sole is sticky, sticky, sticky

3D cupped Hytrel midsole implant keeps your toes in the power position for awesome hooking and grabbing on the steep stuff

Pocket-seeking chiseled toe profile

Internal Pacific lining in the toe and heel only
